Workshop Sessions

Module 1

New Concepts in Tree Planting: This module will address planting procedures for bare-root, containerized and B&B stock from site preparation to guying and staking procedures. The discussion will include maintenance requirements for new transplants and troubleshooting planting related problems.

Module 2

Young Tree Management: This module will address key maintenance requirements for young trees with emphasis on structural pruning.

Module 3

Mature Tree Management: This module will address issues of tree risk analysis, pruning techniques, soils and root system management and lightning protection.

CEUs available for International Society of Arboriculture, Society of American Foresters, and Pesticide Applicator Recertification. A Professional Development Hours Certificate is available for other fields, including landscape architecture.

About The Instructors

February 13 and 14

Frank Jenner has been employed for 13 years as Arborist for the City of Valdosta. He is Past-President of the Georgia Urban Forest Council and Past Board Member of the Georgia Urban Forest Council and of the Southern Chapter of International Society of Arboriculture. Frank started 40 years ago as Tree Climber for City of Rochester, New York, where he assisted in the removal of several thousand American Elms killed by the Dutch Elm disease. During this week in 2008, he is planting American Elms in Valdosta! *Assisted by Stacey Griffin and Timothy Baker of Valdosta Parks & Recreation Department.*

February 20

Rob Swanson is a Senior Arborist and Director of Plant Health Care for Caldwell Tree Care. The International Society of Arboriculture has recognized Rob as a certified arborist since 1992. The areas in which Rob has special training include removal permitting, tree preservation during construction, pesticide application, tree hazard assessment, tree valuation, microbiological pathogen isolation, soil mechanics and micro-macro elemental requirements for trees.

February 27

David Linvill is the County Agent for Chatham County. He has a BS in Horticulture from Penn State. David also has a BS degree in Agronomy, MS in Ag Education and EDS in Ag Education from University of Georgia. David is a certified arborist as well as a certified lawn turf professional.

Don Gardner is an ISA Certified Arborist, former Director of the Park and Tree Department for the City of Savannah (1983-2000), Charter Member of GUFC, and is currently UGA Cooperative Extension Coordinator for Glynn County where he advises the Glynn County Tree Advisory Board.

David Moulder is the Cooperative Extension Agent for Bryan County.
